

Adelaide Airport

Brighton Jetty Classic
SCULPTURES

Sponsorship Proposal

www.brightonjettyclassicsculptures.com

Dear,

Planning is currently underway for the next **Adelaide Airport Brighton Jetty Classic Sculptures**, Wednesday 25th January to Sunday 5th February, 2012.

The success of the exhibition is very much attributed to the financial support of our sponsors. The sculptures exhibition is held in conjunction with the **7 Brighton Jetty Classic** Community Event. With a community focus and a seaside theme, these events bring together a unique culmination of art, sport and the community work of surf lifesaving.

Organised by the Brighton Surf Life saving Club, the exhibition is completely managed and supported by the hundreds of hours of members' volunteer time.

The Brighton Surf Life Saving Club has been a prominent part of the community for over 50 years with proceeds from this event supporting the continuation of a Community Surf Life Saving Club Building and Facilities. The comradeship amongst members, the common participation in a voluntary humanitarian service, forms an integral part of Surf Clubs to help make Surf Life Saving unique and necessary to the Australian way of life. It is also unique that Brighton Surf Life Saving Club has embraced The Arts by providing sculptors with an avenue in which to display their works.

Money raised from the 2011 sculptures event will purchase a new Surf Life Saving Beach Rescue Vehicle which will be named after the event.

The benefit you receive, not only includes the exposure to thousands of participants, but offers an opportunity to contribute to a professional and high profile event: An event your organisation can be proud to be associated with.

A number of sponsorship package levels are offered. This enables you to select the level of participation that best meets your needs, and be secure in the knowledge that your sponsorship contribution will be used to further develop the **Adelaide Airport Brighton Jetty Classic Sculptures** exhibition.

This year we are providing Sponsors the opportunity to also sponsor category naming rights prizes. This can either be an additional cash contribution or goods or services in kind. Priority will be given to Major and Key Sponsorship levels and will provide additional exposure through the promotion of these sponsor named awards. Adelaide Airport has already secured naming rights by entering in to a sponsorship as **Major Partners**.

We value the relationship with our sponsors and look forward to continuing to strive to grow this event, an event you will be proud to be associated with. We are happy to answer any questions you may have. Otherwise please return the attached sponsorship commitment form. Sponsorship offers close 31 July, 2011.

In anticipation of your support for the **Adelaide Airport Brighton Jetty Classic Sculptures**, we thank you. Your support does make a difference to our community.

Karen Donaldson

On behalf of **Adelaide Airport Brighton Jetty Classic Sculptures**

Adelaide Airport Brighton Jetty Classic Sculptures Supporters

Mr. John McArdle JP, FCILT, MAICD; General Manager - Corporate Affairs Adelaide & Parafield Airports Ltd.

“Adelaide Airport Limited has been involved with the Adelaide Airport Brighton Jetty Classic Sculptures since its inception.

We are pleased to be associated with this event and have found it to be a rewarding community relations exercise”

Justin Lynch, Chief Executive Officer City of Holdfast Bay.

“I thoroughly enjoyed attending the Adelaide Airport Brighton Jetty Classic Sculptures last year and can highly recommend it. The creativity and imagination shown in the exhibits was impressive. Pieces ranged from being quirky, fun, geometric, environmental, rustic, traditional, intricate and amusing.

The City of Holdfast Bay is a proud supporter of the event and the contribution it makes to our community and local culture. Pieces from the exhibition are now highly sought after to enhance our coastal landscape.”

Dr Christine Nicholls, Contributing Editor, Asian Art News & World Sculpture News.

“To the credit of its organizers, Adelaide Airport Brighton Jetty Classic Sculptures reaches many people, from artists, art lovers and regular gallery goers, to beach goers, tourists, and other casual passersby who, in the normal course of events might otherwise encounter little visual art of any kind.

The event's wide appeal is one of its genuine strengths, and is also an important reason for supporting this initiative into the future. There is no doubt that, as this unique event continues to grow in the years ahead, it will command even greater respect and more favourable critical attention in the media and public arena more generally.”

Gerry McMahon, Metal Sculptor and Public And Community Artist.

I have been involved in the past three *Adelaide Airport Brighton Jetty Classic Sculptures* events. The sculptures' exhibition brings people together from the community. People visit from all over the state, not only to visit a sculptures exhibition but also to share in the beauty of a beach environment that belongs to everyone.

Exhibiting, sponsoring and volunteering are part of the spirit within the community of the City of Holdfast Bay providing an opportunity to be proud of.

The 2012 Adelaide Airport Brighton Jetty Classic Sculptures

Adelaide, South Australia

A fundraising event bringing art to the community

Introduction

The *Adelaide Airport Brighton Jetty Classic Sculptures* is an annual event inspired by the very successful "Sculptures by the Sea" at Cottesloe Beach, WA and the famous "Bondi Sculptures by the Sea" in NSW.

The event attracts local and interstate artists alike, offering visitors a display of sculptures that are inspirational, enticing, imaginative & interactive. The sculptures range in size from small to large for both indoor and outdoor display. Freedom of creativity is encouraged. This event is free to the public for viewing.

The *Adelaide Airport Brighton Jetty Classic Sculptures* is situated at the Brighton Surf Life Saving Club rooms on the Esplanade at Brighton, the adjacent Bindara Reserve and for the first time in 2011, along the Brighton Esplanade. The event has grown from 34 entries in 2008 to 82 exhibits in 2011. Approximately 15,000 people viewed this year's exhibition and culminating with the *7 Brighton Jetty Classic Community Event*, on the final day of the sculptures exhibition, received an audience in excess of 20,000.

Brighton Beach is famous for its beautiful clean beach and close proximity to popular Jetty Road Brighton, known for its welcoming cafes and restaurants and unique shops. The recent completion of the modern Brighton Surf Club facilities in 2007 located next to a popular local park; make this destination highly desirable to locals, people from all over Adelaide and interstate and overseas visitors.

Background

The Adelaide Airport Brighton Jetty Classic Sculptures is one of only four exhibitions in South Australia that is entirely dedicated to sculptures. The event is held in conjunction with the *7 Brighton Jetty Classic Community Event* and attracts competitors and visitors from all over Australia. The combination of both an arts event and sporting event is unique and is embraced by both the local community and the community at large.

The 2012 exhibition is now in its fifth year. With the initiative of a small team of enthusiastic volunteers, the event has doubled in size from 34 entries in the inaugural exhibition in 2008 to a preselected 82 entries in 2011.

The event is marketed through a range of media including *The Advertiser* and *Sunday Mail*, *SA Motor* (SA's largest database of over

500,000 readers), *SA Life magazine*, *House and Garden*, *The Adelaide Magazine annual edition*. It is also advertised on *Channel 7* and several radio stations including *5AA*. The 2009 and 2010 events were also featured in an international publication, *World Sculptures Magazine* which has a wide readership in Asia and Australia.

The event is supported by a dedicated team of volunteers and the generous support of many sponsors, including several high profile brands. The event attracts a broad cross section of the community and is enjoyed by an estimated 15,000 people throughout the 12 day long exhibition. The final day of the event, coinciding with the *7 Brighton Jetty Classic Community Event*, provides exposure to a further estimated five to ten thousand people.

Future Opportunities

The City of Holdfast Bay has committed to making the Brighton to Hove section of the Coastal Park, sculpture friendly. This provides an opportunity for the *Adelaide Airport Brighton Jetty Classic Sculptures* to extend the event beyond Bindarra Reserve to create a sculptures walk along the esplanade thereby increasing the emphasis on outdoor sculptures.

The organisers aim to attract a wider audience by promoting the event to interstate & overseas sculptors. An increase in major prizes for Indoor, Outdoor, People's Choice, Emerging and Junior awards, as well as additional runner up and category prizes, is aimed at encouraging increased participation.

Available Sponsorship Opportunities

Adelaide Airport Brighton Jetty Classic Sculptures provides an opportunity for sponsors to gain additional exposure while contributing to a professional and high profile event. An event your organisation can be proud to be associated with.

The different sponsorship levels are:

- **Major Partners (\$10,000 +)**
- **Corporate Partners (\$5,000+)**
- **Key Partners (\$2,500+)**
- **Community Partners (\$1,000+)**

The details of each level are listed for your information.
